

# NIGHTLY CLEAN UP

## **Venue**

Vern Burton Community Center

## **Your Commitment**

- Show up on time or early for your shift.
- Check in with the Volunteer Coordinator or Site Manager at the Vern Burton Main Stage main entrance

## **What your role entails**

- Wiping down bathroom counters
- Emptying garbages into the 90 gallon bins or consolidating into bins (we are charged per garbage can that the city has to pick up)
- Check recycle bags to be emptied and new streamer bags inserted
- Tidying tables and seating areas that may have trash/debris left behind
- Cleaning Chamber Stage area after the last show ends (9:15)
- Sweeping and mopping (dance floor and around tables/the Downbeat) main stage floor after the last show ends (10:00)
- Be flexible and helpful. You may be asked to pause on a project you're working on in order to assist on another time-sensitive project.
- We work together as a team. The harder we all work, the more efficiently we can complete these responsibilities.
- Make sure doors are locked when the clean up crew leaves

Dress comfortably with closed toed shoes.

## **Our Commitment**

We will provide:

- Gloves, tools, and equipment to complete all necessary work

In exchange for fulfilling your commitment, the Juan de Fuca Foundation for the Arts will provide you with a daily pass for the festival. This can be picked up at the Volunteer Check-in Tent.
